

How to install your plaque on a flag pole

You will need the following items:

- Power Screwdriver
- Tin Snips or Wire Cutters to cut excess band off
- 2 ea Brackets (included)
- 2 ea Flat Washers (included)
- 2 ea Nuts (included)
- 2 ea Threaded Studs (included)
- 2 ea. Monster Hose Clamps (diameter to match flagpole) – max size to equal flagpole diameter
- Stainless Steel Adjustable Clamp (included)

Step 1: Attach brackets to back of sign, using threaded stud, flat washer and nut for each.

Step 2: Take monster hose clamps, and put through the holes in the brackets, release screw by pushing up, place around the flag pole and insert the clamp through the tightener assembly, tighten the clamp with power screw driver, and reset screw mechanism to hold firm, then use tin snips to cut off excess clamp.

Step 1

Step 2

Step 3
